Company Background

Belladonna is a manufacturer that has been established since 1989 on 50,000 sqm area. As synthetic wicker is our main product, we eager to keep classic into modernise era.

Belladonna is not only name, but it is the main key to let people recognise us. In the last 32 years, Belladonna is a brand that we carried and been steady existence since. Through online platform such as Instagram, YouTube, Facebook and etc, we see the opportunity and potential to outreach the world and expand our pool customers. Through our official website, the customers can easily access to our new products in the catalogues. In order to keep up with the fast-paced industry, we keep on innovate and create new products by following the trends in the market. Our company also actively participate in the furniture events such as IFEX (Indonesia International Furniture Expo) in order to create awareness about our products.

Company Timeline

Belladonna factory divided into 6 parts;
Sunplast (main production for synthetic wicker), Frame line, Production line, Cushion line, Finishing line and Showroom.

Values Overview

In order to maintain long-term relationship with our clients, we maximise our communication with customer through various platforms. To ensure our customer to stay loyal, we keep updating the customers with our latest offers and products through emails newsletter and our social media platforms. In order to strengthen our customer's trust, we are open to any feedback, ensuring that we can make improvements and satisfied the customers with our products.

Plus Value of Our Products

Material

One of the aspects that make high quality products is a high-quality material. We coordinate and cooperate with suppliers who provide a high-quality material. To ensure consistent quality, we produce our own synthetic wicker.

Frame

Almost 90% of our products use an aluminium frame which are well-known for it's light weight and its endurance to extreme weather.

Production

The huge amount of the floor area is occupied with hundreds of skilful and professional craftsmen; therefore, it is possible for us to produce furniture up to 40 containers per month.

Cushion

We are not only undertaking the choosing of the best quality fabric, and also sorting the best fitting foams to ensure it is comfortable and suitable for long-term use.

QC

Every furniture constantly through a series of quality control standard of procedure for each division by our experience and well-train QC team.

Finishing

Provide the colouring process for the frame and final touch for the shipped furniture. We also ensure the items are appropriately wrapped with all necessity attached.
